### *A Message from the Premier*

As Premier of the Province of British Columbia, I am pleased to join with the *SOS Children's Safety Magazine* as they publish another edition of this important magazine.

Since its publication in 2002, *SOS Children's Safety Magazine* has been an important preventative educational resource for children. The magazine effectively recognizes the issues many children and teens face on a day to day basis, and provides them with the relevant information they need to handle tough situations. By educating the most impressionable members of society about the dangers of crystal meth, teen suicide and many other safety related topics, the magazine has truly helped communities across Canada.

I would like to recognize the staff and all those involved with the magazine for promoting the safety of our children and providing young readers and their parents with interesting and informative articles.

I wish you all the best in your future endeavours and appreciate the important work you do.

Sincerely,
